

FOR IMMEDIATE RELEASE

DONALD J. TRUMP UNVEILS STATE OF THE ART TENNIS CENTER WITH SERENA WILLIAMS AT TRUMP NATIONAL GOLF CLUB, WASHINGTON D.C.

Brand New \$10 Million Dollar Tennis Facility Unveiled at Grand Opening Celebration

(Washington, D.C.) April 7th, 2015 – Donald J. Trump along with Eric Trump unveiled a brand new, state-of-the-art Tennis Center today at Trump National Golf Club, Washington D.C. Joining for the grand opening celebration was World Number One and Tennis Icon, Serena Williams.

“I am thrilled to officially open what has already been called the finest Tennis Center in the Country, if not the world. The expansive facility has been built to the highest standards and is a fantastic addition to this world-class property which fronts entirely on the Potomac River,” said Donald J. Trump, Chairman & President of the Trump Organization. “It is an honor to have the incredible Serena Williams join us today to officially open this magnificent building --- she is a true champion and is the greatest of all time.”

The Trump National Tennis Center is the first of its kind with five state-of-the-art plexi-cushion courts constructed with a 10mm rubber cushion to absorb impact, indirect LED lighting with more than 140 foot candles of light and an advanced climate system creating the perfect temperate for year round play. Additionally, each court is wired with high definition cameras, providing the ability to record and analyze every match and lesson played.

Complementing the advanced and unique features of the Trump National Tennis Center, the facility is also equipped with a spectacular viewing area via a continuous balcony which overlooks the “blue on blue” courts, a design feature famously seen at the Australian Open in Melbourne. The Center also includes an expansive pro-shop equipped with the finest merchandise, magnificent locker rooms adorned with luxurious marble bathrooms, a lounge and full bar with 4 flat screen televisions.

“When my father and I were constructing this building, it was our goal to bring the finest tennis experience to our members and their guests. We spared no expense on creating a truly world-class Tennis Center and are so pleased to have exceeded all expectations,” said Eric F. Trump, Executive Vice President, Development & Acquisitions, The Trump Organization.

Trump National Golf Club Washington, D.C. is located on over 600 acres directly on the Potomac River. In addition to the all-new Trump National Tennis Center unveiled today, the property boasts a magnificent clubhouse, two championship golf courses, fine dining, a spectacular fitness facility, a sprawling and luxurious ballroom and many world-class amenities. The award-winning property will also be the host of the 2017 Senior PGA Championship. On June 1st, Mr. Trump will be officially unveiling the brand-new Donald J. Trump Signature Course which will have all 18-holes fronting on the Potomac River.
